

Supplement to the first article in 2010

Dear reader of the WOLF'S PLUMB BOB NEWS,
Dear Fellow Collector,
Dear friend,

1. I hope you started the New Year without any problems.
2. As promised, I'll continue to write monthly one article about plumb bobs and ship it as email attachment. At the same time it is published on my website www.plumbbob.de for download. IF YOU ARE NOT INTERESTED TO GET IT NEXT YEAR, please let me know.
3. All 12 articles of the last year are combined in one PDF-file and available on www.plumbbob.de on page "PUBLICATIONS download"

4. I let print some examples of the year 2009 as BOOKLET and can send it on demand for **\$50.00 free shipping worldwide**. That are just the costs I had for this booklet. Some of you already got it and the feedback is excellent. Please let me know if you need one

5. For my website I bought now "unlimited pages", so that I can put more information on it and separate the German and the English text.....

6. This year I start with an article about LINE ADJUSTER, but I have enough ideas for the rest of the year. Never the less, **I am always interested and waiting to get feedback and information from YOU** about new themes or questions, or pictures etc.

7. NEXT 3rd INTERNATIONAL PLUMB BOB COLLECTORS MEETING:

The next meeting after 2006 in ISTANBUL / Turkey and 2008 PARIS / France is in COLOGNE / KÖLN /Germany. Oct. 1, to Oct. 3, 2010.

You can find the **updated information** and program on the website www.plumbbob.de on the page COLLECTORS MEETING and the subpages.

DO WE MEET YOU?

8. By the way. This is the result, if you don't use a plumb bob for building a new house ☺ .
Crooked house in SOPPOT POLAND
